About Me

In my free time, I enjoy playing rugby, a sport that embodies teamwork and determination. I have a deep passion for traveling, as it allows me to discover new cultures, broaden my horizons, and gain fresh perspectives.

I am also particularly fond of outdoor activities such as swimming, hiking in the mountains, skiing, tackling via ferratas, and cycling in all its forms, from road cycling to off-road adventures. Cooking is another favorite hobby, where I enjoy combining creativity and precision. These pursuits reflect my dynamic, curious, and adventurous personality.

Soft-Skills

- Diligence
- Precision
- Sociability
- Responsibility
- Teamwork
- Time optimization
- Communication
- Problem-solving
- Research skills
- Stress management

Language

- Italian: Mother Language
- English: Upper-Intermediate
B2
- French: Elementary
A2

Education

Bachelor's Degree in Social Innovation, Communication, and New Technologies (ICT)

2021 – 2025

University of Turin

This multidisciplinary program equips me with skills in communication strategies, technological innovation, and societal transformation, preparing me to address complex challenges in a dynamic and interconnected world.

Diploma in Information Technology and Telecommunications (Computer Technician, Information Technology and Telecommunications)

2020

ITIS "Amedeo Avogadro" High School – Turin

This qualification provided me with a strong foundation in computer systems, networking, and telecommunications, equipping me with technical skills that are essential for solving IT-related challenges and supporting technological innovation in various sectors.

Computer Skills

- Knowledge of programming languages: C++, HTML (CSS, JavaScript), PHP, Java, Assembly, Arduino, XML
- Proficient in software such as Excel, Word, PowerPoint
- Experience with graphic design programs: Photoshop and AutoCAD
- Comau Robotics Certification
- Knowledge of Cisco Packet Tracer usage and application
- Knowledge and application of relational databases or MySQL, such as MariaDB

Technical Skills

- Piano playing and good music sheet reading skills; I have participated in several competitions, including international ones, with corresponding certificates.
- Good knowledge of music software
- Social Advertising & Analytics for managing campaigns on major social networks (Instagram, TikTok, LinkedIn), monitoring KPIs, and analyzing results.
- Content Creation: production of texts, images, posts, and videos for various digital channels.
- Good knowledge of video making and video editing, gained through projects completed during my studies, participating in various competitions, and published on YouTube (Premiere Pro, Davinci Resolve, CapCut, Canva)
- Good knowledge and application of animation tools such as Earth Studio.

Experience

- Customer Service and Sales Assistant (2 years)
- Technical Support for Heating Systems (3 years)
- Sales Assistant at a Sports Store (1 Year)

Additional Information

- Safety Course Certificate
- Category B Driver's License
- Motorboat License within 12 miles
- Freediving Certification issued by FIPSAS
- Volunteer at Eurovision Song Contest 2022

Assisted with the internal viewing room and backstage operations. Worked closely with technical teams, production staff, and media personnel.

Volunteer at FISU Games 2025

Provided support in the press room. Managed info desk, distributed materials, and assisted journalists and media teams.
